

Fluid on the Floor?

Plugs directly into your fluid waste system manifolds or wall suction canisters!

Big FOOT Suction and Absorbent Floor Mats deliver maximum flexibility in floor fluid management. Two options and a modular solution enable users to dry up messy floors in the most effective manner.

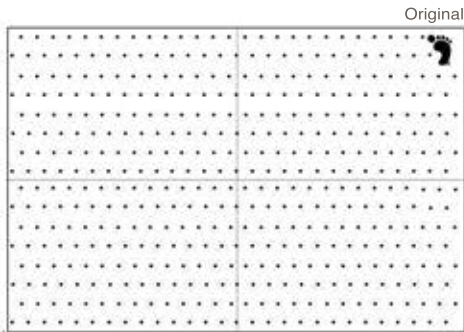

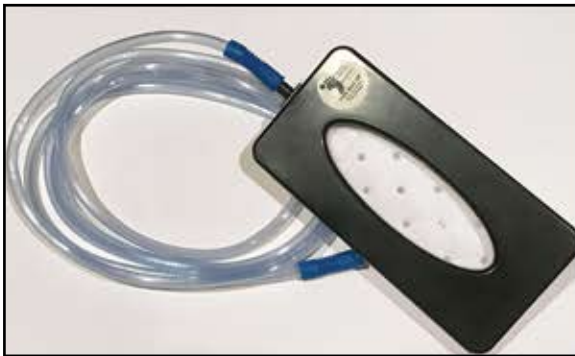

**Big Foot Suction and
Absorbent Floor Mats**

Patent Pending

Big FOOT Suction

Absorbent Floor Mats, Suction Discs, & Kits

Original

Flexible - Customized products to your specific usage needs.

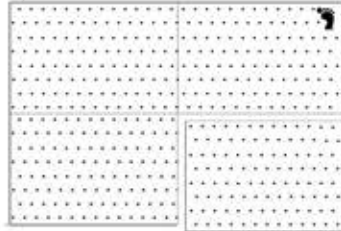

Suction + Absorption - Choose the absorbent floor mat to place on dry floor and Big FOOT to suction the fluid as it hits the floor. Use a combination of the mat and suction device to best meet your needs.

Efficient - Reduce set up and clean up time. Hands free for ease of use.

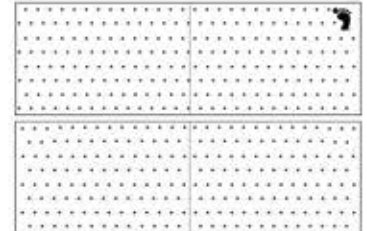

Safe - Reduce the chance of slipping by using the absorbent floor mat and suction combo.

Save - Realize a cost savings over competitive solutions, and reduce your waste volume.
